Monthly Trend of Billing Amount & Patient Count

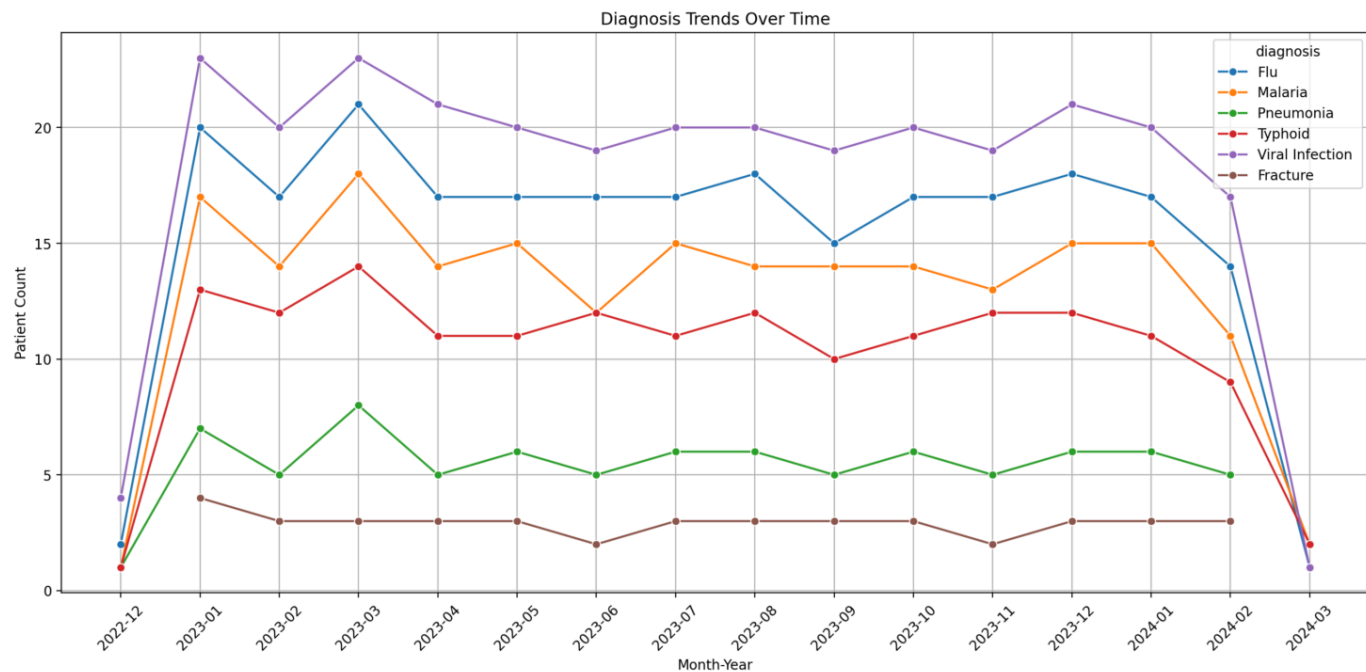

This chart shows the monthly trend of billing amounts and patient counts.

💡 Blue line shows billing amounts (left axis), green bars show patient counts (right axis).

Trends of Diagnosis

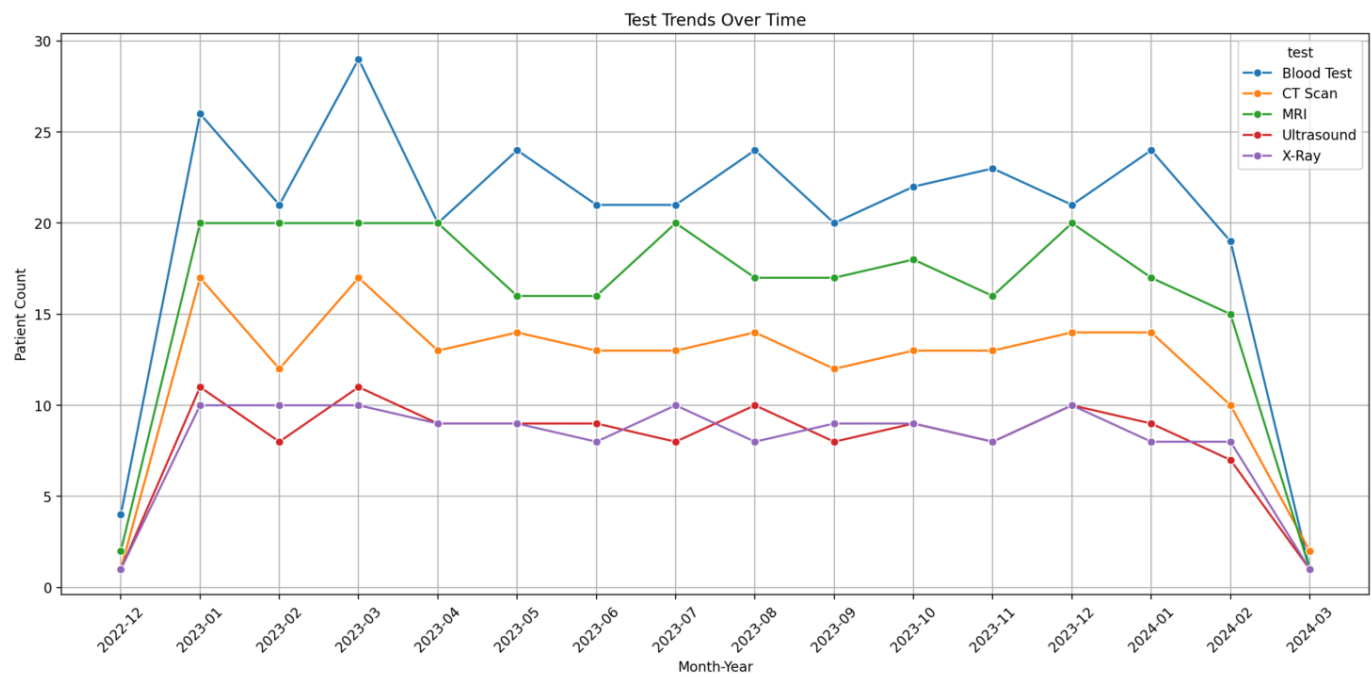

This chart shows the trends of diagnosis over the years.

💡 This chart shows the trends of diagnosis over the years.

Trends of Tests

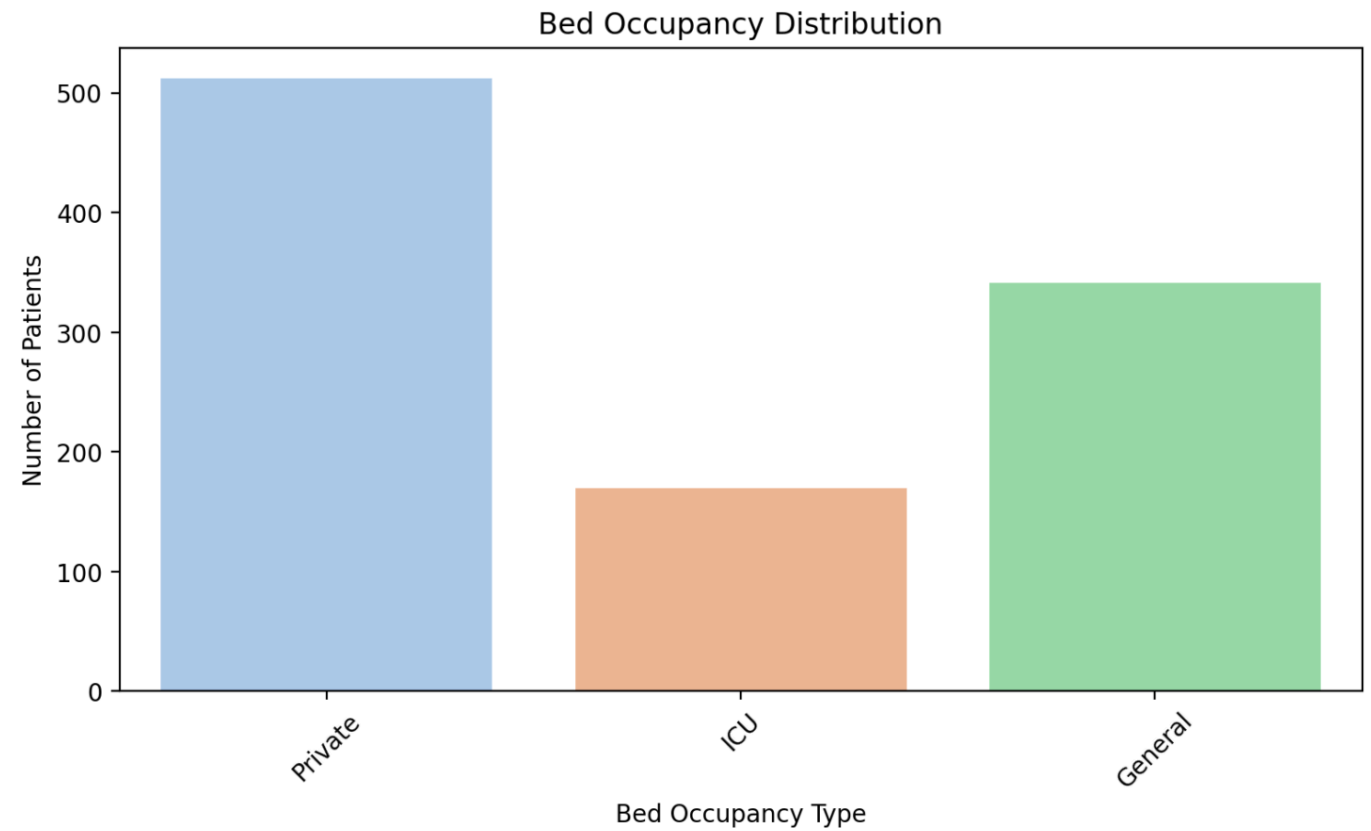

This chart shows the trends of tests over the years.

This chart shows the trends of tests over the years.

Bed Occupancy Distribution

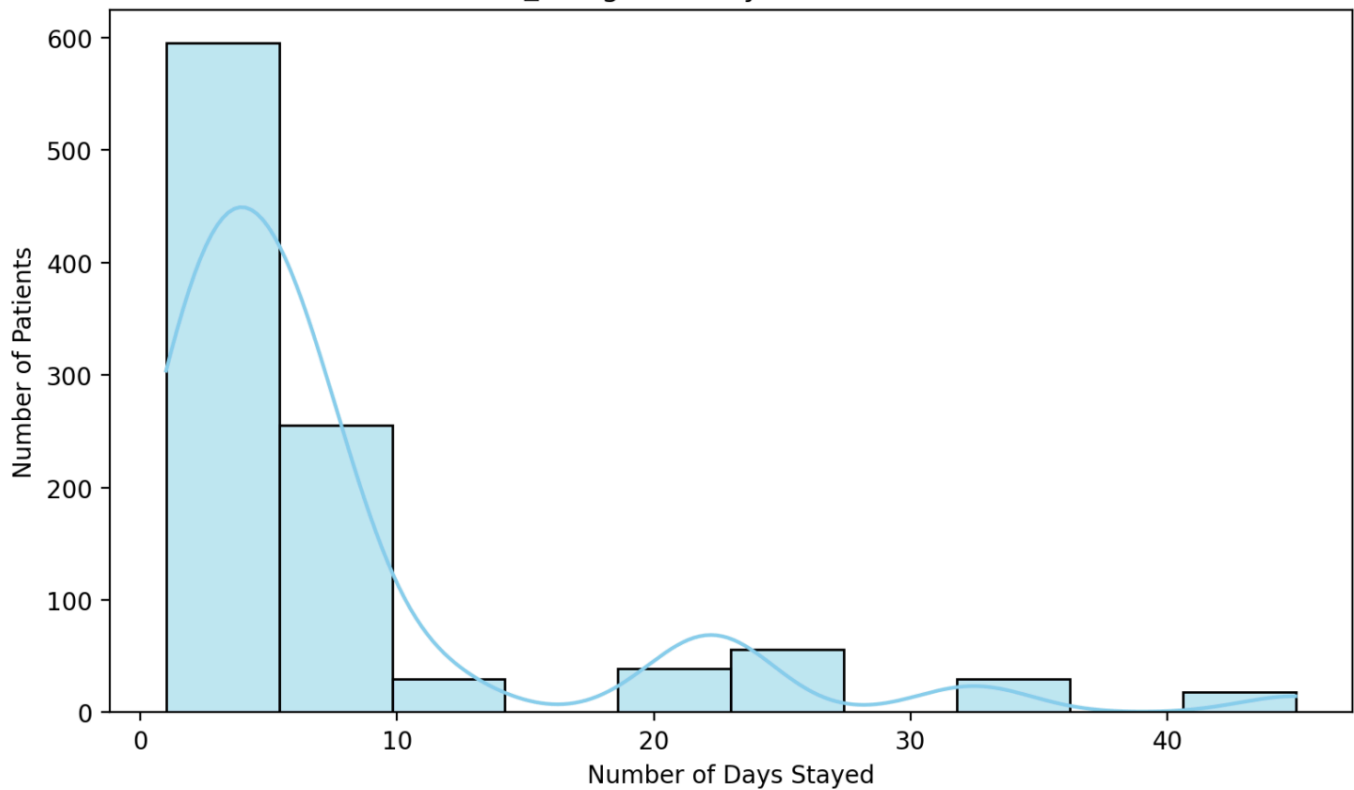

This histogram shows the frequency of each bed occupancy type.

Length of Stay Distribution

This histogram shows how long patients typically stay in the hospital.

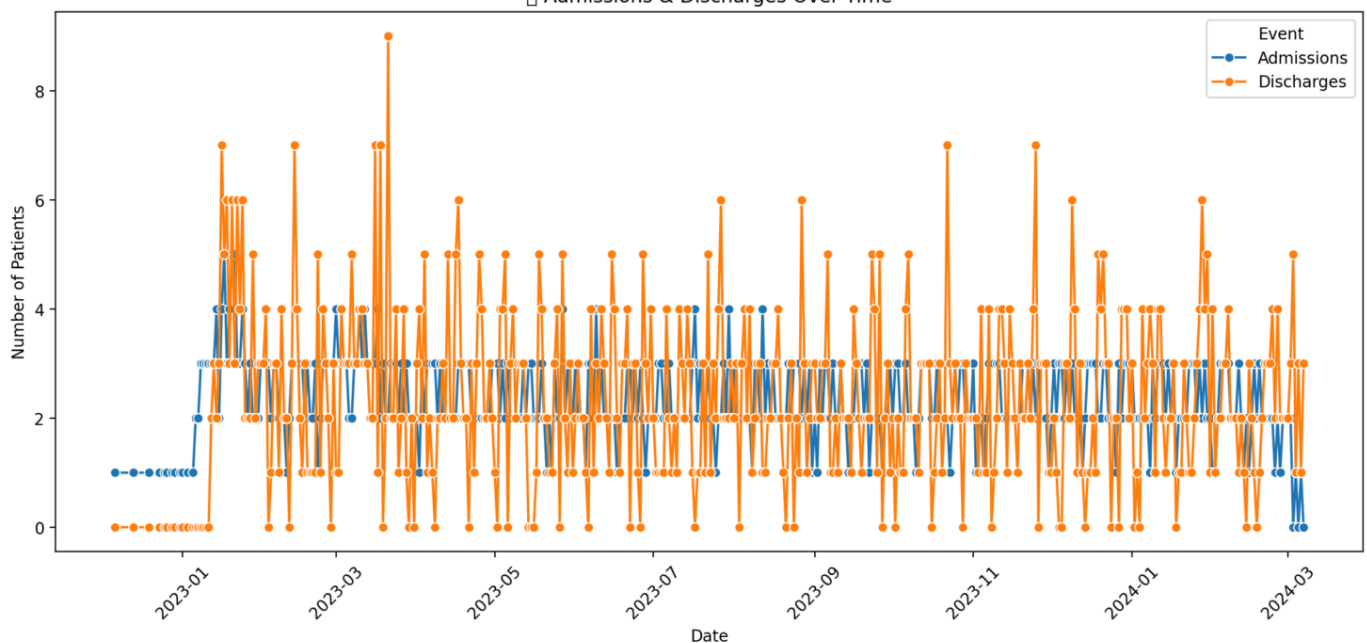

Length of Stay Distribution

Admissions & Discharges Over Time

This chart shows the trends of admissions and discharges over time.

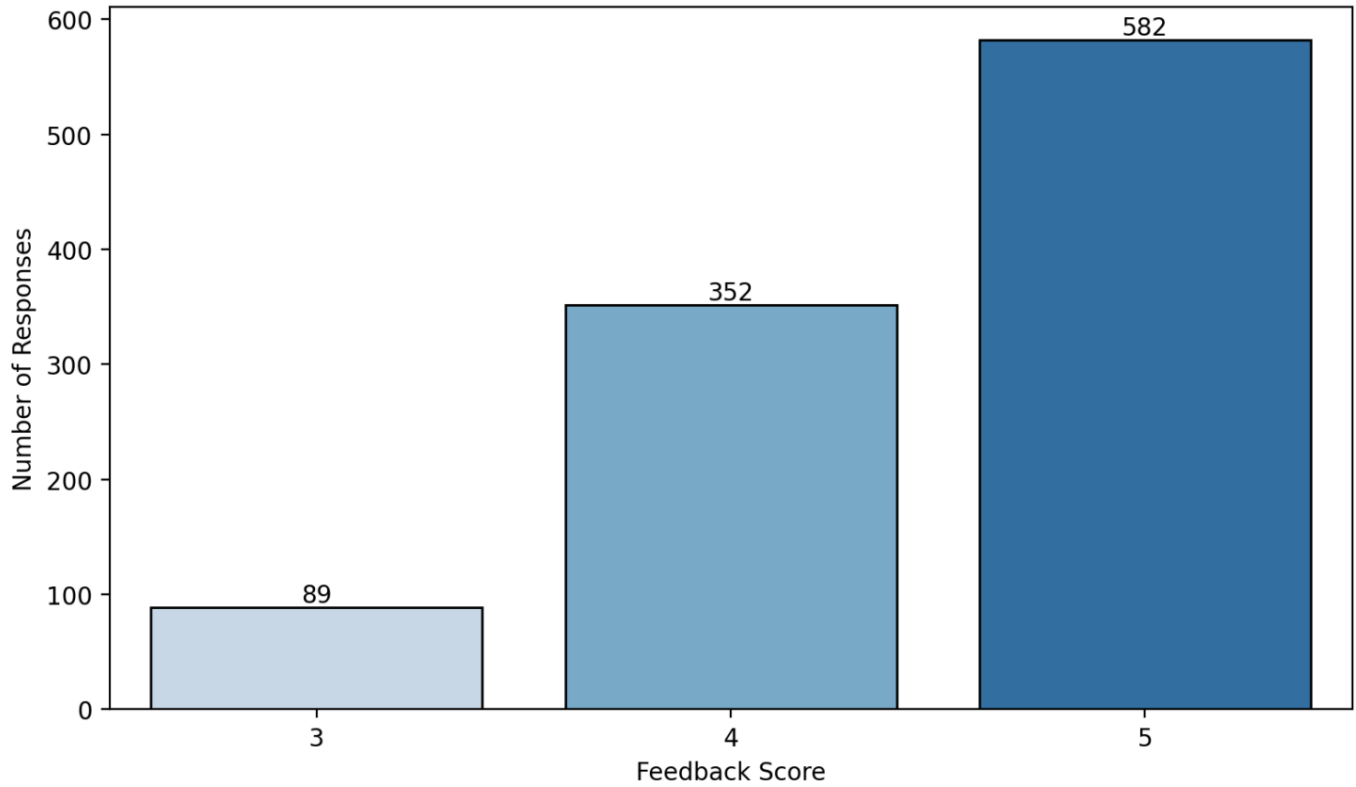

Admissions & Discharges Over Time

Feedback Score Distribution

This chart displays how patients rated their experience on a scale from 1 to 5.

Patient Feedback Distribution

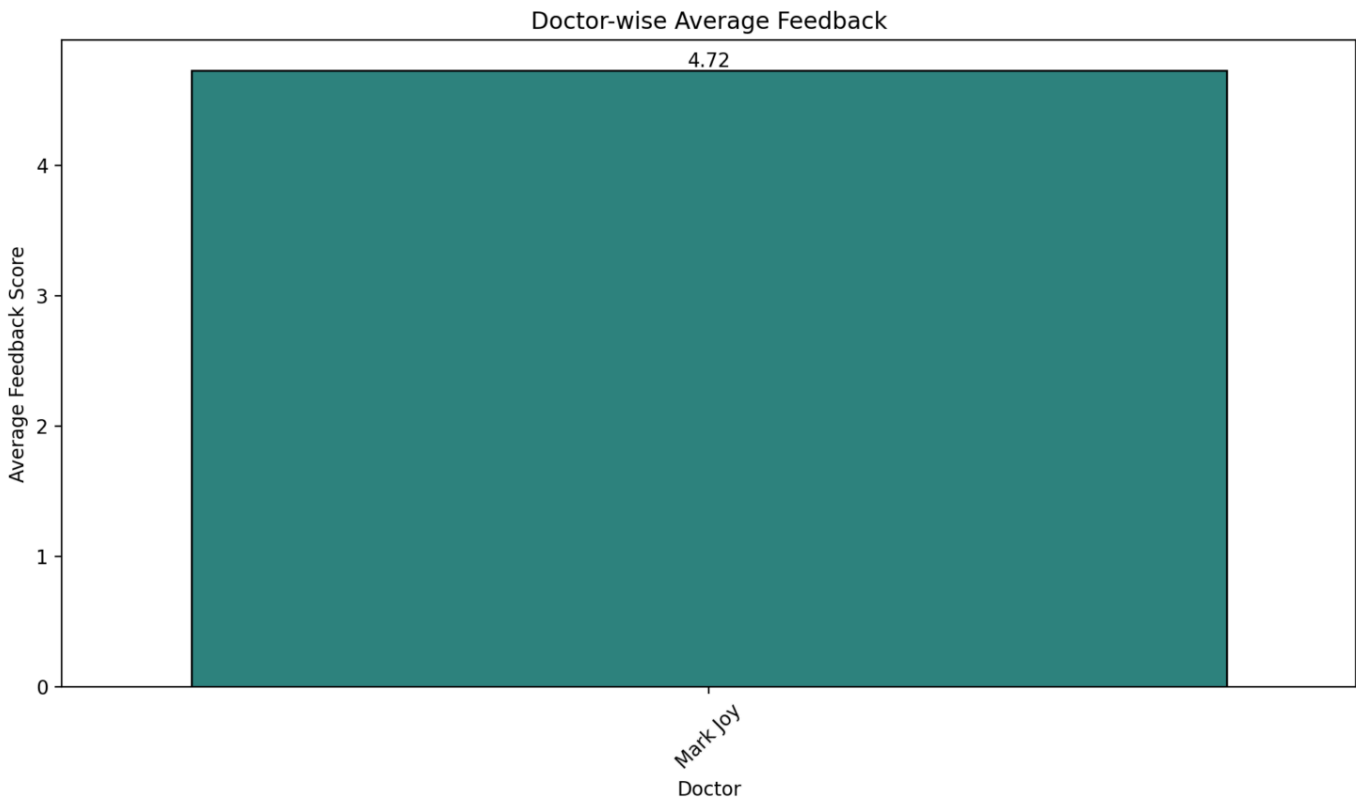

💡 This chart shows the distribution of feedback scores given by patients.

Doctor-wise Average Feedback

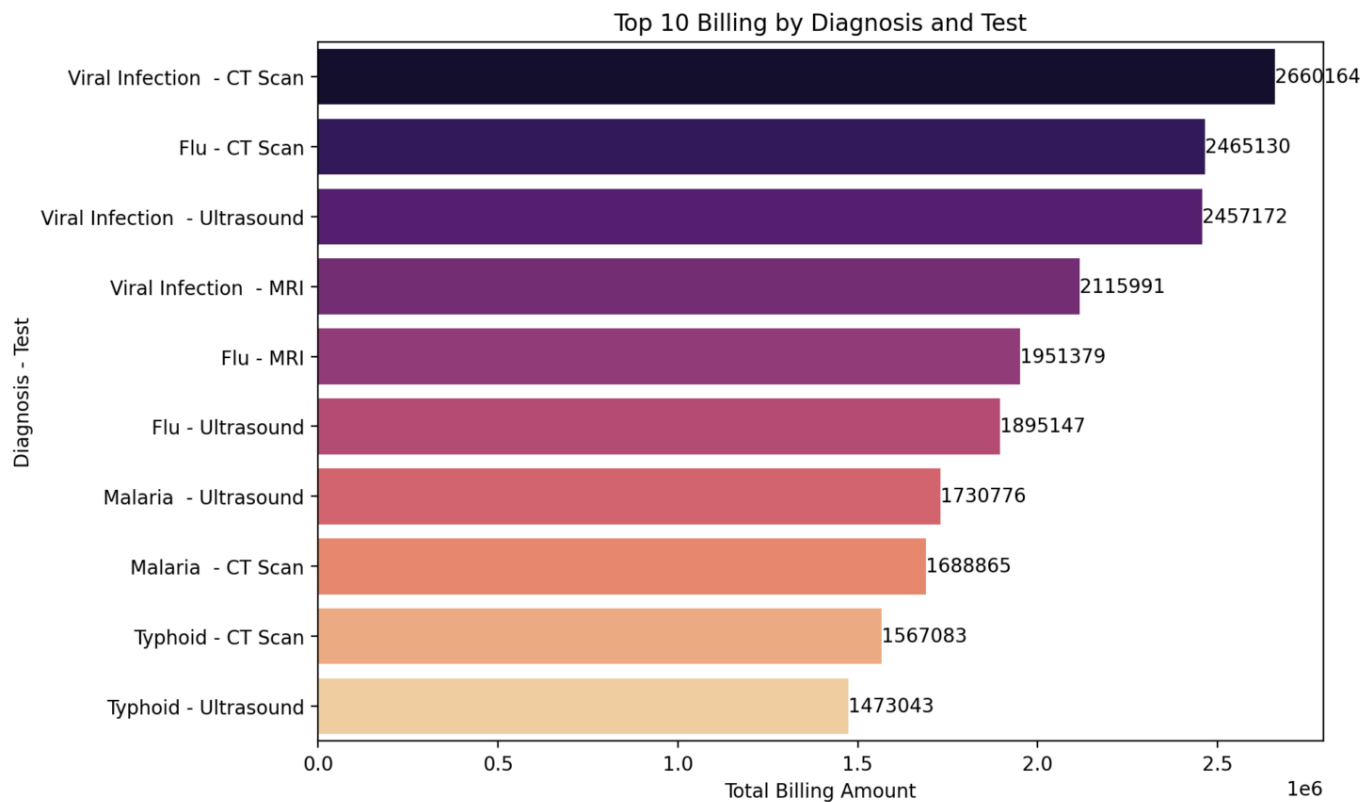

This chart compares the average patient feedback received by each doctor.

💡 Doctors with higher average scores indicate better patient satisfaction.

Billing Amount by Diagnosis/Test

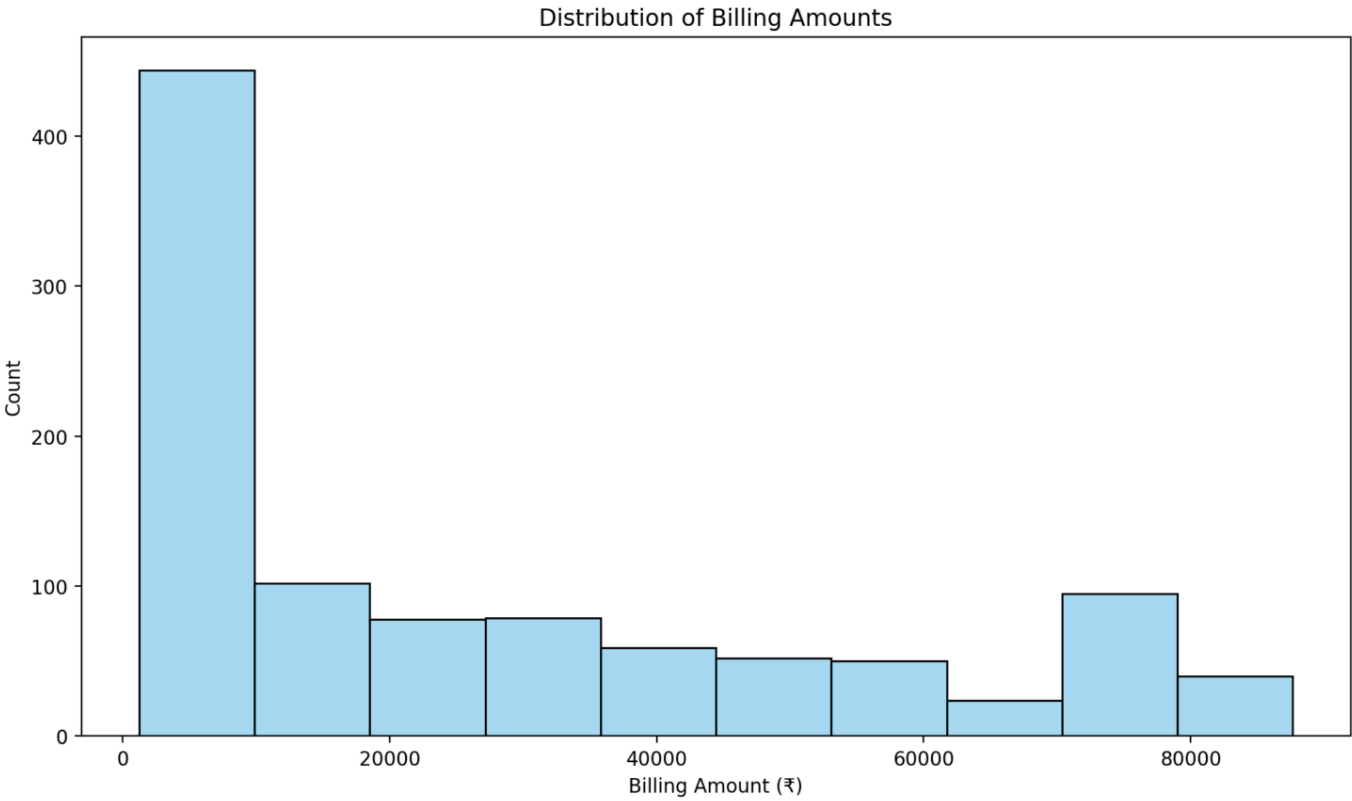

This chart highlights which diagnoses and tests contribute most to total billing.

 This chart shows the top 10 diagnoses and tests contributing to total billing.

Billing Range Distribution

This chart shows the spread of billing amounts to detect cost outliers and averages.

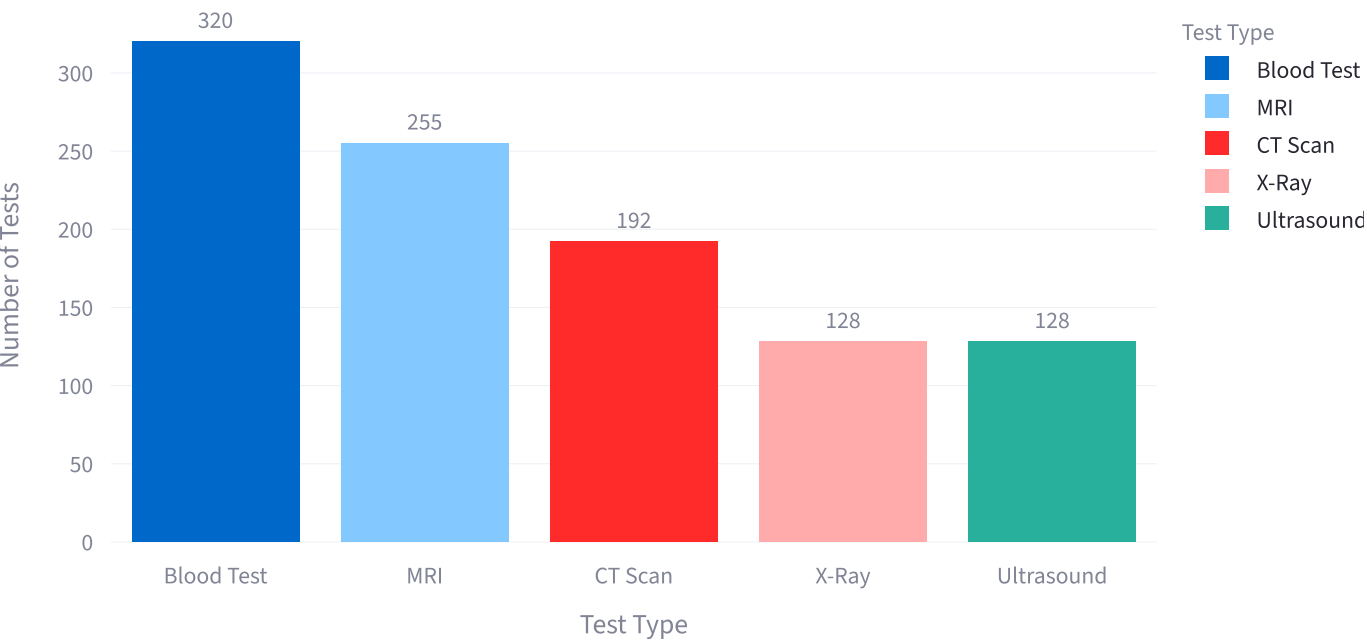

💡 This chart shows the distribution of billing amounts.

Frequency of Tests Conducted-33

This chart shows how often each test type was conducted in the dataset.

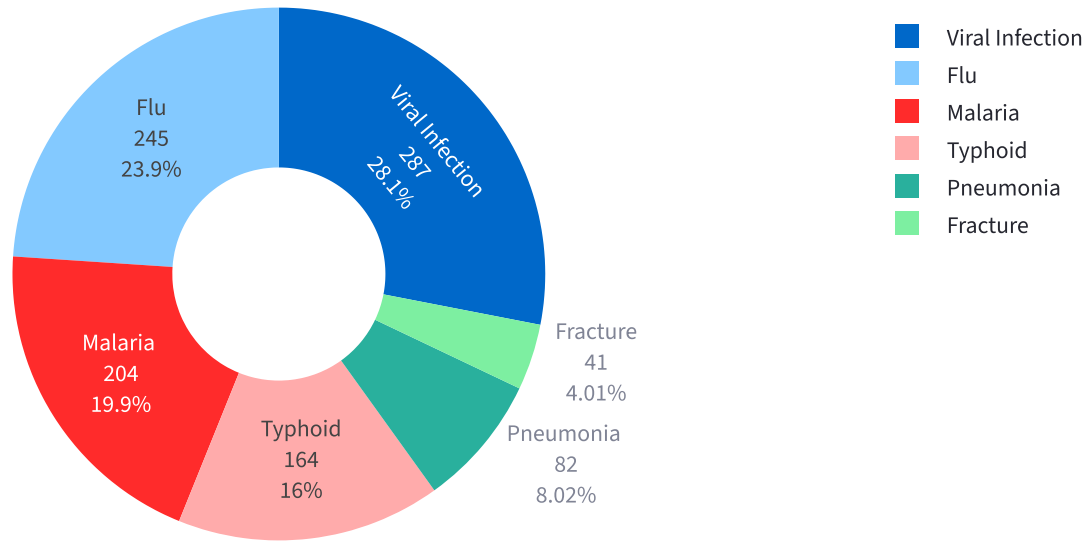

Frequency of Tests Conducted

Diagnosis Distribution

This chart shows the distribution of diagnoses in the dataset.

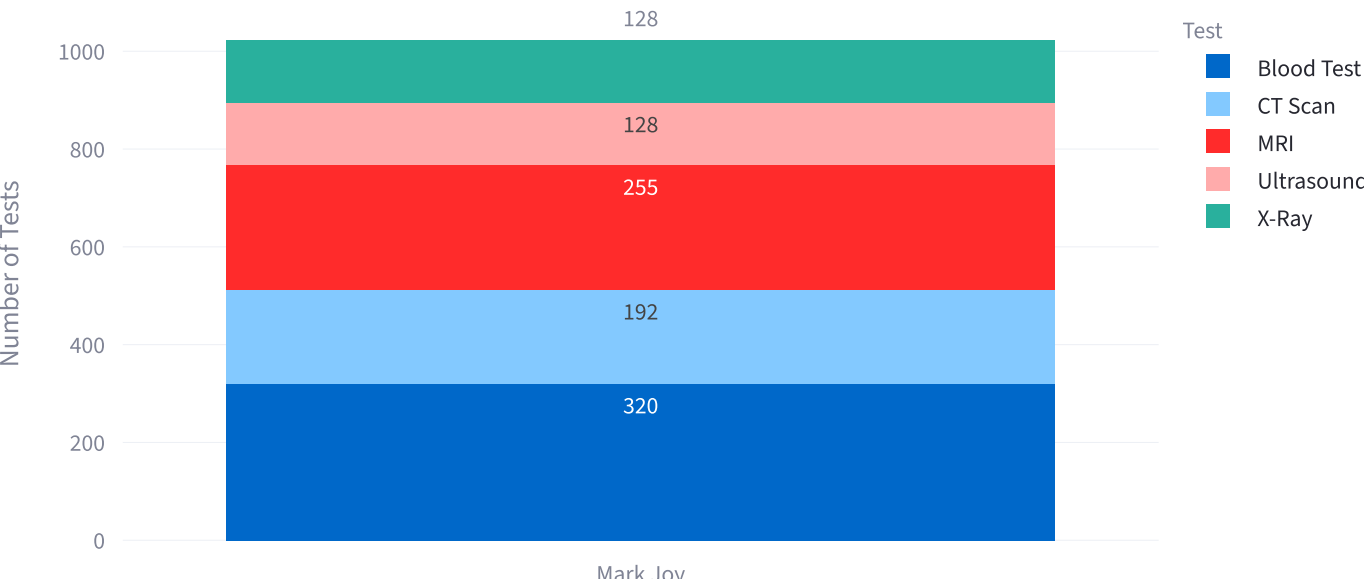

Distribution of Diagnoses

Doctor-wise Treatment/Test Patterns

This chart shows how many times each doctor conducted each test.

Doctor-wise Test Patterns
